Download eBooks to a Kindle

You will need a valid library card, personal computer (Windows, Mac or Linux) with Internet access, and an Amazon.com account.

1. **Start with your personal computer…**
   - Set up an Amazon account at www.amazon.com. Leave it logged in.
   - Goto www.shpl.info and click on the blue "Downloads: eBooks & eAudio" button.
   - You are now in Live-brary.com. Click on Free Downloads from the Services menu on the left sidebar.
   - Click on the Overdrive icon. This will open a new tab on your computer.
   - Click on the icon that looks like a person. Select your library. Enter your barcode (no spaces).
   - Click on the magnifying glass and then click on the small words Advanced Search underneath.

2. **Find a book at Live-brary.com…**
   - Although there are other ways to search for books, start with the following search:
     - On the advanced search screen, toggle All Formats to Kindle Book.
     - Further down check the box that says, Only titles with copies available. Begin Search.
     - Click on a book you wish to check out. Click on the Borrow button.
     - Click the Download button, and check the box that says Kindle Book.
     - Click Confirm & Download. You will be transferred to your account in Amazon.com.

3. **Select Your Delivery Method at Amazon.com…**

   Deliver to Kindle Wirelessly (wireless capable Kindles such as Kindle Fire, Kindle Paperwhite)
   - If you choose Deliver to Kindle, you must have access to a wireless network.
   - Library books are delivered over Wi-Fi and not 3G or "WhisperNet". Please turn off 3G on your Kindle at this time (if possible).
   - Click the yellow Get Library Book button on the right. The book will be downloaded automatically to your device.

   Deliver to Computer if you need to transfer Kindle Content via USB cable (early models of Kindle)
   - Click the yellow "Get Library Book" button on the right.
   - Plug your Kindle into your computer with your USB cable.
   - Click on the orange Download now button in your Amazon account page.
   - A screen will pop up prompting you to either Open or Save File. Select Save File. Click on OK.
   - The book will be delivered to wherever your downloads default to, usually your downloads folder, or your documents folder. Locate the downloaded book on your computer.
   - Open up My Computer on your computer. Locate the drive for your Kindle and click on it. You will see several folders within. You want to click on the documents folder.
   - Drag the book from your downloads (or wherever it's located) folder on your computer and drop it into the Kindle's Documents folder. You can also copy it from one folder to another.
   - Safely eject your Kindle device from your computer and unplug the USB cable. Turn it off and on. Your selected book should appear.
