

iPad as an eReader

In this seminar you will learn about the iPad as an eReader. We will look at books, magazines and newspapers. You will learn how to download books from Apple's bookstore (Books) and how to borrow e-books from your library.

eBooks

There are several formats for eBooks. Try these Apps, especially if you have a Kindle or Nook reader so you can easily synchronize between your iPad and those devices.

- Books from Apple,
- Libby (Overdrive) (Public Library System)
- Kindle from Amazon.
- Nook from Barnes & Noble.
- Project Gutenberg (www. Gutenberg.org) or the App for free classics!
- BookBub.com (traditional and audio)
- Goodreads.com or their App
- Flipboard – magazine aggregator

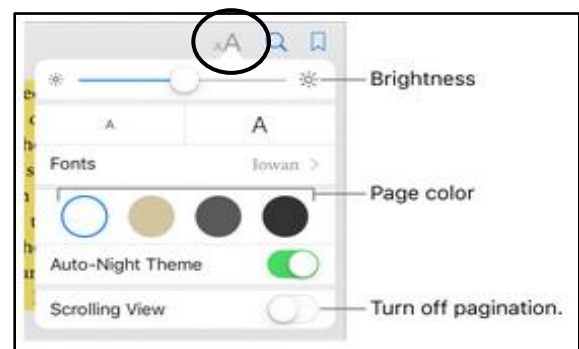

Apple's Books

You will need your Apple ID and Password to read books from this App, even if FREE.
