

So Big! ... Planting Time! Week Four

Hello, How Are You?

Hello, Hello. Hello, How are you?

Hello, Hello. Hello. How are you?

I'm good. I'm great. I'm wonderful.

I'm good. I'm great. I'm wonderful.

Wiggle Wiggle

I wiggle my fingers, I wiggle my toes,

I wiggle my shoulders, I wiggle my nose.

Now no more wiggles are left in me.

I'm as still as still can be.

Tiny Seed

I had a little tiny seed

I put it in the ground

I spread a little soil on top

And patted it all around

The sun came up and kept it warm and

The rain gave it a shower

And my seed grew up and up and up

And now it is a flower

Do You Know The Parts of Plants?

Do you know the parts of plants, the parts of plants, the parts of plants.
Do you know the parts of plants that help them grow and grow?

The roots, they hold the plant in the ground, when wind blows around, roots hold it down.

The roots, they hold the plant in the ground and drink up water too.

The stem moves water up the plant, up the plant, up the plant.

The stem moves water up the plant and brings it to the leaves.

The leaves soak up the rays of sun, the rays of sun, the rays of sun.

The leaves soak up the rays of sun and help the plant make food.

The flower grows into a fruit, flowers wave in the breeze and attract the bees.

The flower grows into a fruit, which holds new tiny seeds.

Yes, I know the parts of plants, the parts of plants, the parts of plants?

Yes, I know the parts of plants that help them grow and grow?

This Is The Way We Plant Our Garden

This is the way we rake the soil,

Rake the soil, rake the soil.

This is the way we rake the soil

When we plant our garden.

This is the way we plant the seeds,

Plant the seeds, plant the seeds.

This is the way we plant the seeds,

When we plant our garden.

This is the way we water the sprouts,

Water the sprouts, water the sprouts.

This is the way we water the sprouts.

Growing in our garden.

This is the way we pull the weeds,
Pull the weeds, pull the weeds.
This is the way we weed the soil.
Working in our garden.

This is the way we smell the flowers,
Smell the flowers, smell the flowers.
This is the way we smell the flowers,
Growing in our garden.

This is the way we pick the veggies,
Pick the veggies, pick the veggies.
This the way we pick the veggies,
Growing in our garden.

Don't forget to pull the weeds!

Well it's springtime and it's garden time
Time to plant some seeds
Yeah it's springtime and it's garden time
Don't forget to pull the weeds!

So plant some carrots in the earth,
Let their roots reach down.
Water them with love and care
The sun will warm the ground.

Happy Feeling

I've got that happy feeling, here in my heart,
Here in my heart, here in my heart.
I've got that happy feeling here in my heart,
Here in my heart to stay.

I've got that happy feeling down in my feet
Down in my feet, down in my feet.

I've got that happy feeling down in my feet,
Down in my feet to stay.

I've got that happy feeling here in my hands
Here in my hands, here in my hands.
I've got that happy feeling here in my hands,
Here in my hands to stay.

I've got that happy feeling all over me
All over me, all over me.
I've got that happy feeling all over me,
All over me to stay.
