## DIRECTIONS:

1. Peel a banana and cut it in half. Insert the popsicle stick into the cut half of the banana.
2. Carefully dip the banana in the yogurt. This can get tricky! It helps if you use a spoon to coat the banana with a thin layer of yogurt.
3. Allow the excess yogurt to drip back into the container.
4. Pour some colorful sprinkles onto a plate.
5. Carefully roll the banana in the sprinkles until it is entirely covered.
6. Eat as is OR freeze for 1-2 hours for an icy cold treat.
7. Experiment with other yogurt flavors and toppings like chocolate chips, crushed cereal, crushed nuts, etc.!
